Subject: GIV Update air gasper/speaker location swap

Jeffrey,
swapping the Speaker to light/air gasper location is possible per your request, it will take some time to fabricate only one new plastic air/gasper housing since both are not exact size, Eric will give a formal price quote for this item, he can have the part manufactured in advance and should take two days to install since removal of PSU is required most likely.

Eric please provide price for this item

thank you
Larry
