Jeffrey,
it is possible to move the "All UP Master shade" from entrance selector panel to VIP switch location, its actually a software modification from Western Cabin Controllers, the manufacture of the switch panel, price is \$2,000 direct to Western Systems for engineering a new program for light controls, 4 week lead time for engineering then I would send the VIP control panel to Western systems for slight modification this would take one week for the panel mod.

should I proceed with this? or Hold?

thx
Larry
