Indonesian Teak Furniture which have images of 3 m tables on the web sent me catalogue (below) of what is available (largest being 1m!!) He said this is the largest they have!! Which is crazy because in the photos I sent you it looks like warehouses full of much larger ones and they list them as 3m!

The price they give for the 1m (3.28 ft) is on average \$200-\$250.  
I told him to please get back to me asap about custom making them
