Hi, dear:) Sorry I didn't reply earlier-was on a shoot whole day long...How are you? How is Paris?

I'm terrific:) Working really well right now-did already 3 TV commercials.. and bunch of other shoots:)

Considering Barry - he put me in touch with 2 agents so far.. One of them schedule an appointment for me on November 4th.. and so far that's it what Barry did for me..

Also I had a dinner with Steve on Monday.. he was so nice to me as always, he promised to introduce me to some casting directors when he will be back to LA (he left to NY on Wednesday- he asked me if I want flight with him, but I couldn't cause I had a shooting on Wednesday)

He also introduced me to Elton John (I mean - it's can't helped my carrier - but it's just sweet) I'm still staying in my friend's place... and still searching for apartment.. have some appointments tmrw to view a couple places :)

One of my friends gave me his car for beginning, so it's became so much easier for me to get around the city:)

Gonna get my California license as soon as I'll find my place to stay (cause for now I can drive with my Ukrainian license)... I'm trying to solve the problems one by one :)

So that's pretty much it right now...

I'm sure just about one thing - I'm in a right place!!!... I mean I feel great here... and everything will be fine with me :)

Everything will be Oscar :)

Sending my love to you and [REDACTED] :)

Love you guys and miss you so much my dear family!!!

xxxxxxx

Best,
