I have just had a serious issue with marks wife/girlfriend. Andrew lasso called me at almost midnight and said one of your guests from 10B was stopped by the doorman as he didn't recognize her. I called the doorman and he said she was coming up but is extremely drunk, and was swearing at him and threatening him physically and verbally. He said he was very close to calling the police. I walked into the corridor as they are in the apt opposite me. She was coming down the corridor unable to walk in a straight line and completely drunk. I came back inside as I was honestly scared to deal with her. She obviously couldn't remember the code of her apartment as I heard her trying it many times. She started knocking on my door. I called the doorman and asked him to stay on the line with me while I dealt with her. Opened my door and she said 'what the fuck'. I walked straight out and opened her apartment and she turned and looked at me and said something else in an unpleasant tone and then went inside.
