Subject: David Blaine

David Blaine would like to come to your house one night this week to finish up his Woody Allen shoot he did...he just needs footage of him walking up the stairs to go to your bathroom...he said it would take all of 30 minutes and it would only be him and his camera man...no one else.

IS it ok for David Blaine to come and shoot him walking up the stairs and going in to your bathroom?

(David also said he was going to try to call you and ask you this as well)
