Subject: New Mexico Sony 4 k by Dec 15th STATUS UPDATE (10-29-2013)

I just had a long and positive conversation with

Celeste Peralta
Personal VIP Shopper, Sony Concierge
Sony Concierge | 10250 Santa Monica Blvd, Los Angeles, CA
90067
E-Mail: [REDACTED] | Office: [REDACTED]
[REDACTED] | Cell: [REDACTED]

and let her know we would like to watch a movie on the new sony gear on December 15th

notes from the talk are:

- this is still an un-released product in the US and there is no OFFICIAL release date (so that does make it hard to plan)
- JEFFREY is FIRST in line for the new product period no one else has one and we are at the TOP of the list to get one WE ARE FIRST IN LINE
- Sony Concierge does offer installers for the equipment
- Celeste is doing research on adding a sony av receiver to the set up so the quality and control of the new hardware is perfect with true 4k pass-thru HDMI 2.0
- she needs one week to put together this package on paper tho she hopes to get it to us sooner
- un-offically she did say this was possible, and a by the end of november ship date was at least a possibility
- Part of her next communication should be the Projector, State of the Art Blu-Ray, State of the Art AV receiver, and how the SONY set up team will work
- SHE COULD NOT CONFIRM *the project will be bundled with the FMP-X1 UHD media player preloaded with 10 movies and short videos, on top of an Xperia Z tablet serving as a remote.*

this is my summary as of 10/29/2013 2pm est Scott Denett

thank you
