please be specific as this is a car system, where 12 volts powers the system , ?

On Thu, Nov 14, 2013 at 9:05 AM, Eric Roth [REDACTED] wrote:

Yes; and a critical one at that. We have maxed out the available power to support the equipment. The only way to get the additional power that would be required to increase the amplifier power would be to install an aircraft power converter (which is something you did not want to do earlier).
