Subject: GIV update

Jeffrey,

I have my RVSM approval from the FAA and expect a fedex paperwork tomorrow from San Juan to make me perfectly legal, I spent the day doing cockpit checks, door seal repair functional checks and Satphone checks.
We are planning to installing new Subwoofers tomorrow to have closure for stereo repair.

Pls advise if you plan to use GIV for your paris trip on Friday, I will have Bill come to NY tomorrow?

Thank you,
Larry

Please advise if you want to me to bring Billy in town?
