Hi. I think i got into some trouble ...  
I ve been hanging out w this guy, Matt Levine. He works in restaurant / lounge / events business but not full on night clubs like Richie. I know him thru a mutual friend and he wanted to get to know me. Anyway we had 3 dinners and a dog play date this week and last night we ended up at Provocateur and were making out. He is totally into me. Thank God I have my period cuz i would prob go home w him which i think i would regret later. Anyway thing is he knows i have a boyfriend and all that. I even told him im not going to break up or anything. Prob is that he went all romantic to me. Wants to come see me in London and probably thinks that i will eventually be with him. Which i wont. I just wanted to have some fun. So im frustrated now. Thats what happens to me all the time. Guys just fall in love w me cuz im a good girlfriend material rather than just one night stand...  
I much rather just go have sex w Richie again, which i think i will eventually do soon btw. I dont know what it is about him but im just so sexually attracted to that little guy.  
And this other guy Matt is great. Really smart nice guy, good w money, great kisser but not sooo crazy about him...  
Just dont wanna break his heart..anyway just wanted to give u a little update :)
