LEts make the credenza cover and the table cover reversibel and able to be non slidable. maybe a silver pearl ultrasuede on one side and a stirated rubber on the other. lets talk. we should be able to place plates on either that won't slide in turblunece.

I would also apprecitae it greatly if you both checked the cushions on the sofa compared to the G2/. I do not think it was right. . the foam might be the same but maybe beacuse of the compressions on stiching it felt differnct. this as you know is very important. even if you have to change out with gulfstream.
