Hello Larry,

Sultan's interior designer is Jacqueline Bowker and she lives in Dubai.

She is briefed on the general scope of the interior needs and sent me these notes on sample requests. The only wall covering she is interested in changing is the office and the only hard surface is the table in the office.

I can clarify any questions that come up with her.

*For samples:*

- 1) *Carpets.....charcoal greys( dark)*
- 2) *Fabrics.....upholstery blends, in soft smokey blues, not bright, charcoal greys, mid sea greens, and a small selection, of warm beiges, moving towards a goldish hue. Fabrics should have textures, dots, and very small embossed, patterns, more geometric, no large flowers, swirls, stripes, or patterns, preferably fabrics without repeats.  
Must be weaves not prints.*
- 3) *Wallcovering.....Shades of matching charcoal, or slightly, lighter tone of the same.  
Microsuade, would be fine, or something similar, for the red area in particular.*
- 4) *Table top.....replacing of the red table top, either a matching dark wood lacquered, or a a material matching other wood in this room, or window surround, which is dark in this area.*

5) *Light fittings.....Possible updating of small reading lights, or table lamps.....if any. Can't see any in the pictures, but just in case there are.*

All the best,  
Jim
