Dear Mr. Epstein,

I'm writing to elicit your underwriting support of the annual gala, scheduled in Palm Beach, Florida on April 12, 2014, for the benefit of the Pine Jog Environmental Education Center. Pine Jog, founded in 1960, is an adjunct of Florida Atlantic University's College of Education, and has a significant impact, nationally. The Center develops mathematical education models of environmental science which, in turn, are provided to all grade levels in the U.S. Sitting on 135 acres of Florida wilderness, the center hosts 25,000 students, 750+ teachers, and 12,500 adults/families annually. I am enclosing the Center's website below my signature.

Your underwriting gift of \$25,000 would list you as the exclusive sponsor of Pine Jog's annual fundraising event, the Green Gala. A detailed biography of yourself and your impact on education, and neurological and evolutionary science, would be included in the program. Your support would be credited in all press releases locally and in New York and Los Angeles. I urge you to be a part of an important educational outreach that is ready to thank you as a benchmark philanthropist. Tax-deductible checks should be made payable to the Florida Atlantic University Foundation and forwarded to:

Mr. Ray Coleman, Executive Director
Pine Jog Environmental Education Center
6301 Summit Boulevard, Fl. 334
West Palm Beach, Fl. 33415

Thank you for your consideration of this request. Cordially,

Charles Bane, Jr. Advisor
