You leave me in a bad situation again.  
I will not confirm anything with dean before you and I have come to an agreement on a settlement that has absolutely nothing to do with it.

No issue, I just said we should talk. I wanted to tell you about a work idea.  
It's also been over a month since we talked and we never came to an agreement.  
**But it is also the 18th** and I have to pay 3k to Amex and 600 for a car, as I do every month.  
I also need to pay a web developer and submit a visa application next week which is 5k and I have to show substantial income and money in the bank to extend the E2.
