Mr. Epstein I adjusted the picture lights in the entrance . please advise if this resolved the issue.
Thanks Richard

Good morning Mr. Epstein The lighting designer made all the adjustments and put in three different light settings on the switch low medium & high . Does the fixture need to be re directed on the picture? I called ADT they called the house at 1:45am to report a supervisory signal (trouble alarm) Which they have been instructed in the past not to do after hours they should only call after hours on actual burglar or fire alarm . I instructed ADT only to call during the day 9:00am to 5:00pm with trouble alarms. ADT installed a note on your system so the dispatchers will not call after hours with system trouble alarms.
