Jeffrey-

With regard to the seat base and air duct carpet, here is what our choices are-

1. The attached photo shows the yarn that they can get expedited at the dye house. They said it is the same hue and about 2 shades darker than the floor carpet from ABC.
2. They can custom due new yarn to closely match the ABC carpet, but it will not be ready to ship until the 10th/11th. We can do this if you want, but we will have to remove and reinstall the seats after the test flight.

Your thoughts?....
