I have met a guy and very happy. I did not save a lot , but enough for me to start my life in Russia. I am looking for a job at the moment. As i still don't have higher education it will be something very junior. I am a little scared , such a big change and happened so quickly . Very exciting at the same time. I know you disapprove my irrational ways , but I really feel peacefully happy even though I have a long way before I get my life on track here. It feels great being next to my family (they also moved to Moscow)
How are you ? Anything new and exciting?
