I was flying yesterday . First you tell me your lawyer says that you need certain things for youvisa . then you tell me that you did not have money to hire a lawyer, then you tell me you need the money on fri, then on monday when it is sent you tell me the lawyer can't start until friday, you tell me you have to file a tax return for [REDACTED], then tell me there is not a return at all , and you will not file one for yourself either, you tell me you have no invoices , but would like to send some. you ask that checks be backdated , you refuse to acknowledge your own emails that say you want to support yourself and only in response i tell you that the best job would be to do as i need and you will get paid . and if you d'nt there are consequences . i tell you over and over and in writing that you have to do something to get something, you tell me you dont intende to walk away from your understanding though years of emails contraddict almost to the letter what you have suggeted,

you now tell me its too late. then you ask for more .. I wired you money with the understanding of the need to show a balance. you told me thats all you needed. i asked if you wanted it re done and received no response, but a new request. without explanatoin.
