Mr. Epstein,

Good Day. Through a friend, I was told you are about to take delivery of a GIV and was wondering if you have a need for an additional pilot. One never knows the needs of a flight department, so I thought I had nothing to loose by at least making contact with you.

I currently reside in St Thomas, and am a dual rated pilot and hold an ATP for both fixed wing and helicopter. I have over 11,000 flight hours and have 4 jet type ratings. I have flown twin engine helicopters and jets all over the United States, Caribbean, the Middle East and South America for various FAA 135/91 operators, but was looking for a secure and long term Part 91 opportunity.

I'd be happy to forward my resume to you or your Chief Pilot if you have an interest or need.

Thank you for the consideration,

Randy Thomas
