[REDACTED] are currently using our old cleaning service to clean their places (perhaps once a week/once every 2 weeks)

Karyna and Jen do their own.

Rich K has brought to my attention that Tes was hired primarily to take care of 301 and then to help Lyn at 71st.

My thought is to set up Tes to do the girls apartments perhaps once a week/once fortnightly (provided you are not in town and she is needed at 71st) so that they stop using the cleaning service and we cut down on costs.

Just want to ensure you approve.
