Hi Rich, i thought I will never write this e-mail to you but after giving Janusz allowances last week was the last straw.
I do not know if you remember one time that I talked to you about him almost shouting at me, and you even asked me if I want you to talk to him, I replied no. Thinking that all will be well.
during that verbal confrontation he told me that Richard said that I have the nerve to go to Richard's office bringing my list with him (told him [Redacted] took me to Richard's Office} and that I am not a team player because I made Lyn cry (Did not know why Lyn cried but caught Lyn doing some sneaky thing to make me look bad to Mr, Epstein, when I was about to asked her she started crying, I did not know she went to [Redacted] to complain. [Redacted] asked my opinion so i told [Redacted], sorry [Redacted] Lyn is sometimes sneaky but did not tell [Redacted] what I saw Lyn did}).
I was not upset about all what Janusz told me because it is not true anyway.

Ever since I work at PB I have a system of doing things so that it will not be so hard on me considering I do almost the whole house. I always try to maintain the house in a way that whenever Mr. Epstein ask me to go to NY or the Island, or even to Zorro, it will not be hard on me to do PB when I come back or when Mr. Epstein decide to stay here for a few days. It is different when Mr.Epstein takes me with him and leave the whole house to Janusz.

Janusz has improved in his help to me when he was rehired. I know they are using the main house. One time I was at Zorro [Redacted] told me "[Redacted] you work so hard here and maybe Janusz is just laying down around the pool" of which I replied "Oh Janusz will not do that". To my amusement I came back to PB to water my plants before leaving for NY and saw what [Redacted] told me about Janusz not alone but what seems like a pool party. He told me that they were friends of his wife all Romanians when he drove me to the airport the next day. I think that is one his previledge being live- in worker.

Rich I respect my job and respect Mr. Epstein's property, it is not my intention to control Janusz in using the big house but I cannot even ask him if I notice something amiss because he raise his voice and always say "are you accusing me. I always have to tell him not to raise his voice numerous times. He verbally abuse me by saying that I have something wrong with my head and I need a doctor. One time I found the outside of the steam door(master bedroom) with water so since he is the only one in the house I asked him if the house has some guest that I am not aware of. He immediately shouted at me. So I replied that he is not a good liar because I left that clean and dry. He got so upset. I am always wondering why he gets so agitated when I ask, I was hoping that he will say "oh [REDACTED] use it and will clean it better" end of story.

One time he told me always tell him if I finish cleaning one area. I do not do that since most of the time I finish he is not around anyway so I write in a piece of paper which area I did and now he is upset with what I am doing.

When Mr. Epstein took me with him to the Island and then to NY Janusz did the whole house. When I came back I found out that he did not include the Cabana. So I cleaned it including the Gym. I found the Boss leather work table full of drink marks which were not there when I left with the Boss for the Island and the beige sofa with stains. I left a note asking why the marks? before going home to prepare for an unexpected trip to NY since Janusz was not around again.

When I was in NY (I saw you at 71st) I e-mailed Janusz asking if he can help me with the beige cushions, the Boss is particular with stains.

After six days stay in NY I came back to PB to my shock the cabana carpet and gym were not like how I left them.

Since we received notice that the Boss is coming to PB I started polishing the marble bathrooms in the house, Janusz got upset why i have to redo it. That is how I am able to maintain the marbles from staining because I use a cleaner to polish it and I made Janusz understand, but he was still upset.

I emailed him if he can help in the Cabana. When he came back he asked me what help I need . Please do the Cabana I said, instead of saying ok we help each other, he raised his voice "You do the cushions" meaning cushions around the pool. Rich I again asked him not to raise his voice but this time I was scared, he is a big guy. So I just kept quite and did it myself. Instead of getting upset Rich, never did I felt so much frustration that I wanted to cry. I was scared and so disappointed with Janusz .He blame others for his inefficiency, and mistakes. I know he does not respect me whatsoever, but I expect him to respect Mr. Epstein's [property](#).It took me the whole afternoon to do the Cabana, not once or twice but three times to vacuumed the rug. Never have I seen Mr. Epstein's Cabana that dirty.

Rich i do not know what to do there are times that I am a little apprehensive to go to PB house. I also do not want him to be in trouble with Mr. Epstein. He blamed me when Mr. Epstein got after him and Igor even said Mr. Epstein is just using me. He thinks I tell on him to Mr. Epstein which is ridiculous. One time he almost got physical by almost throwing a piece of paper to my face.

Rich thank you for reading this, sorry this is quite long but I am so stressed out of my situation. You oversee this property hence this e-mail

Thanks again
