Title: Take Off with UberCHOPPER

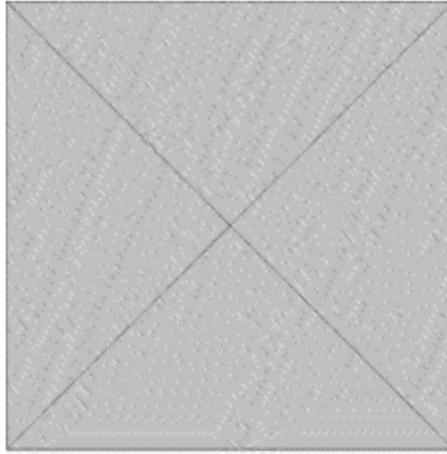

UBER NYC

Hey Jeffrey,

Independence Day for New Yorkers is synonymous with fireworks, long weekends in the Hamptons, beaches, BBQs, and relaxation. Let's not forget the most important part: FREEDOM. This year, we're giving you the ultimate freedom - from the crowds, the traffic, and the long trip out East - with **UberCHOPPER**. Tap a single button to request a private driver who will transport you and four friends to the helipad, where you'll take off directly for East Hampton. Another driver will be awaiting your arrival to drop you off at your final destination. Blair Waldorf, Don Draper, and Jay Gatsby got nothing on you. This is the epitome of luxury, convenience, and style.

Once in the Hamptons, what better way to get from the beach to the bar than your own private driver, requested on-demand with the Uber app. We're excited to announce that Uber is officially extending our reliable coverage from Southampton to Montauk this

July 4th and for the weekends
this summer.
