Jeffrey,

GIV part time Pilot Billy DiMarau is still available to work part time as needed for us, Terry Taylor's flight dept elected to hire a younger pilot that would prove longer term for their operations,. Billy was embarrassed by their change of hart after offering him this job on Wednesday,. If you like and approve, we can use Billy during my absence to attend my training necessities for the coming months?

I mentioned to Billy, and confirmed he wasn't trying to scam me into offering him a part time guarantee,. I told him I wasn't blind to the fact this didn't seam to appear above board.

(he was a great asset during our approach into Bedford, with weather at Minimums, I felt very confident in his abilities and fit well into our cockpit in the GII and GIV.

did you like Billy ?

thank you,

Larry
