Working near the Temple Mount in Jerusalem, Hebrew University of Jerusalem archaeologist **Dr. Eilat Mazar** has unearthed the earliest alphabetical written text ever uncovered in the city.

The Hebrew University of Jerusalem's **School of Pharmacy** is developing a new center that will improve the quality and availability of medicines and drug therapies to the youngest and most vulnerable patients.

The German Research Foundation has approved a 4.5 million euro grant for the establishment of a new international research training group, including **the Minerva Center for Human Rights**, to study contemporary challenges to the pursuit of human rights.

The Hebrew University has recruited an interdisciplinary team of over 20 researchers from physics, computer science, mathematics, chemistry, philosophy and engineering to the newly founded **Quantum Information Science Center**.

Italian Prime Minister **Enrico Letta** visited The Hebrew University of Jerusalem's Edmond J. Safra campus as part of his first trip outside of Europe since taking office.

As modern Egypt searches for a new leader, **Professor Amnon Ben-Tor and Dr. Sharon Zuckerman** have found evidence of an ancient Egyptian leader northern Israel.
