I am waiting on the African sculpture people to give me the dates. I told them 2 weeks ago to go ahead with the shipping as we had approved the restoration. They are telling me they have been shipped which is bullshit as my card had not been charged and they are not sending me the bill of lading. My gut is that they have left the store but are waiting at the shipping place. I am waiting for the owner to phone me as I have only been able to get in touch with the useless assistant. I have told them I will phone them 3 times a day until I know that my sculptures are on the boat. This is South Africa...they give excuses such as ' the weather is bad' and ' the owner was out of the country'
