I am sorry you cancelled your meeting, I also cancelled morning lectures and now sitting at the other one and start crying every other minute. not nice either, there must be a better way to point out a problem I believe. In fact we did speak about it already, recently on the island, when you decided to kindly help. Why did you decide to bring it up the way you did today?

Why did you send this ? Do you want to make my day harder? Do you want me to regret pointing out a problem ? Or did you just want me to feel bad
