Mr. Epstein I contacted AD.Winston Michael Palladino stated the project will take 2 to 3 weeks to complete . We will have no A/C at all at least 2 weeks . I am keeping the old 40 ton Carrier for a emergency back up which we can run until the multi stack chiller is installed this will save a week of down time so we can run about 60% of the house after 2 weeks. Michael Palladino will provide a full installation schedule on Monday July 8th. Richard
