Subject: Carpet sourcing

Would you like me to have Jojo drive me out to Eric in the morning to get a sample of the wood so I can match it up. If I do so I can be back and sourcing by the afternoon. Alternatively I would only receive it on Tuesday.

Also, we have searched the house for a sample of the carpet on 3 but have not found one. Eric told me that if we couldnt he would drive in to the city on Tuesday to have a look at it and match up the color.
