I feel that my studies interfering with modelling . My agency is not happy with me being not available all the time. The work slows down when i go away .On the other hand it would be very stupid to stop university for a job I have never been crazy about with very unpredictable future.

My entire family moved to Moscow and Im also seeing a guy there as well. I have been thinking about it for a while now. It's not the easiest decision but I feel I could gain more then lose.

Do you think I'm making a mistake ?
