see you tomorrow. -- My fees are what they are. I know you find the issue awkward. Your mess involves 100 s of millions of dollars of goofiness. you are sitting on 150 million of art , and 500 million of mostly illiquid investments, I am happy to take some amount of either if that makes it easier for you. With the books of bad numbers that I have seen , it is apparantly true that you won't miss it.

In addition I may be able to assume some of your charitable commitments if structured properly, they do not currently benefit you. ? I am confident I can help, . believe me, however that i will not feel slighted in the least , by you doing it on your own.
