FYI

Site meeting with Southwestern wireless (SWW) went very well

They maybe able to provide service from one of there tower sites to the south, engineering confirmation this week

In any event they will provide bid that includes equipment to interface with phone MH and wireless infrastructure at ranch central and lodge

Ranch office phones and security gates and camera interface

Option to upgrade to dual band cell repeaters for both main house coverage and ranch central

Quote possibly early to mid next week

Due to VoIP install, time Warner maybe able to provide service to D Mark

Will probably have confirmation of this early next week

Determination of service delivery to what ever site is key to estimates

Next update Friday
