this is worst piece of crap ive seen, it is embarassing, beyond anything esle you hve done, the music at the end is the religious music of the fundamentalist christina, s sarah silverman, rick gervais are brain dead, the crowds cheering and intros are as nauseating as a billy grahim revival, why don't you attack the belife that love last forever, that all pople are created equal, that older women are as attractive and sexy as younger ones, that , there is no scientific justifiacion and proof of the concept of hope? that the feeling of love is a myth and has no scientific basis, and should be discarded , the people , presentation , vitriol for others belifes is merely a differnet mental infection in a different guise, this was beyond distateful stupid, having cameron diaz saay that knowledge is power and wasting the digital imprint on such drivcl is an insult to the power of the bits that it took to describe this idiot
