I wanted to make you aware of a plumbing issue we just discovered. One of the trees that we removed apparently had roots wrapped around the water pipe leading to the south end of the island. It caused a break under the main road near Mr. Windy.

The only inconvenience this should cause you is that there will not be water in the gym. To fix it we will have to cut the road and run a new pipe under it. This will be a very messy job. I would rather wait until you leave before we get into that project. We are working on an alternate way to get water to the gym.
