Subject: Update

Good Day Roy and Stephanie,
Gym iPads are both online, it was the apple extreme which needed updating.

Also, I monitored the internet and it is running stable for both ATT and Broadband. I requested a 24hr unobtrusive monitoring. This will allow both ISP's to see bandwidth usage only and not interrupt service. Both will report findings by 12:00 tomorrow to see if deeper testing will be required. I stressed to both that stability and quality of service is of utmost importance.

Regards
Jruan
