Mr. Epstein Brice and I both found full set of architectural prints for Zorro Ranch main floor layout exterior elevations and interior mill work package prints . I also found basement HVAC prints showing duct runs for the jacuzzi room , before the pool and pool pack was installed hopefully this print will help find the pool room air duct problem if the contractor tied into the same air ducts.I am also going to contact Miller Bonded the original mechanical contractor to see if they still have Zorro Mechanical and HVAC prints on file.
