Hi, dear :)

So as I told you we met for a lunch at Harry Cipriani.

And from the really beginning was nothing we couldn't talk about:)

We started from discussing the "American history X" - cause I just watched it yesterday (in case for some common subject:) lol) I said my opinion ...he told me the story how they shoot it.. Was really interesting, so he caught that I'm really impress by that...

Then he told me his life story... during his speech I asked a lot of questions... we laughed a lot... was really really easy to talk to him :)

Then he asked about me... about my life... my studies... and I saw he was impressed :) more I saw it... more I felt like I wanna impress him even more :) but still I was honest about everything...

was really touchable moment on the middle of our conversation, when he asked me about my sisters/brothers... and on a question about what my older sister does - I don't know why but I just couldn't control myself and I couldn't lie to him as I do to everybody, so I just asked to skip it... He apologized but he saw that there were tears in my eyes :( and from that moment I felt that he became really really open and honest.

He told me about his kids... showed me them pictures :)

He told me how he met Jeffrey and when I said that I got the feeling that they knew each other for years.. he said that he doesn't know why, but he really liked Jeffrey and he feels like if they would known each other since college they would be still friends, cause he felt really good connection with Jeffrey from very first second :) and of course I said a lot of good things about Jeffrey too :)

Then we were talking about travels and countries... he was impressed that I can speak,read and write on Japanese language :)

Than we were talking about theater in NY and he mention one play - and asked me if he would get the tickets - would I go with him... And I said yes:)  
He asked me like 3 times when exactly I'm coming back from Ukraine, how long I gonna stay at home etc. - I got the feeling like he has some plan for me and he trying to figure it out, like how long I gonna stay here more, and for how long I'll be gone...  
But whole our conversation I spoke with him as he my old friend and I really didn't want him to get the feeling like I need something from him.  
He asked me what I'm doing on this weekend and I said that I don't know yet. Anyway was such a free and nice conversation.  
He said that I'm really smart young and impressive lady :) and he really likes that I look so happy and sure about what I want to do in my life..and he likes that I'm always smile :) haha  
When we left he asked if I don't mind to walk a little bit with him... we walked on a 5th avenue together talking about goals, life, ppl... etc.. then I took a taxi and he kissed me in both cheeks and when I was about to leave he kissed me in forehead... was sort of "father kiss" (cause I'm sorry, but his oldest son is older then me)... then I left and he went to some story to fix his watch which has been stopped.  
That's it, my dear girl :) that's pretty much how it was :)  
Hope you enjoying your trip and your shooting, and I'm sure those ppl enjoying your incredible beauty:) xx
