I will respond to you when you decide to communicate to me as a friend, not complain, whine, expect demand accuse, expect, deride admonish / When I met you, you had not even a high school education. You got a GED, you had driving lessons, horseback riding lessons, cooking lessons, photography lessons, flying lessons. flower arranging, you had a couple of worn out dresses and a tooth brush, eating popcorn. your closets are full, you have traveled. seen things that few get to see and Instead of being thankful, and recognizing the fact that out of your life, where most things have gone right, you continue to focus on the 5% that has gone wrong. You rightly point out that the bad press is a problem, ignoring the fact that the gulfstream girl that you enjoy has been made possible by the very same person. You walked out three years ago, this, after a year of emotional drama. Your expectations of what you are owed by me and the world i suggest needs revision / You wanted your parents to clean up your dog shit, when they had had enough, you thought them unreasonable. You have been taken care of, your rent has been paid you have been given money without strings, and the fact that after all you have been given find it still difficult to make it on your own is unfortunate.
