

You can read more about the project at this web-site: [www.thorntreeproject.org](http://www.thorntreeproject.org).

Few years ago we have begun the exciting, exhilarating and always involved task of organizing the **Thorn Tree Project African Bazaar and Silent/Online Auction**.

This year, we will host our gathering at the fabulous **Urban Zen** studio in the West Village again (Danna Kara studio).

The event is always vibrant and exciting through the use of live music and performance.

There will be a SILENT auction, like in the past years, and a ON-LINE auction using a smart phones and other internet-connected devices.

I'm asking my friends to save the date, which is **June 6th**, and come meet us at Urban Zen for an exciting evening of music, drinks and beautiful objects.

**Our schools are growing and so is our need to increase our fundraising through the auctions and bazaar sales!!! We cannot do this without you; we are a Volunteer-based group!!!**

We thank you, the Samburu schoolchildren thank you, and their parents thank you as well. To read about our project, please go to [www.thorntreeproject.org](http://www.thorntreeproject.org).

Many thanks! Ache oleng!
