Dr. Bibawi already had the referrsl to Dr. Schilling in motion this a.m.

I called Dr Leavey (my patient) ped. Onc. At Children's next to UTSW. He is in Ireland, and jumped on, adding his influence (he is good friends with Joan Schilling). Here is what he sent her:

Joan,
Warren Eisenstein has been my ophthometrist for the last 12 years and I've come to know him well. Unfortunately he recently received a diagnosis of widespread metastatic lung cancer and his oncologist (not sure where in Dallas) has appropriately recommended he see you. Can you help me identify a way for him to get in to see you in clinic as soon as possible.

I am away in Europe so I hope you don't mind that I have copied Warren on this e-mail to facilitate this happening quickly if possible.

Thanks

Pat Leavey
