## Pocket for Mac Is Here

Pocket users, we now have an official app for Mac! Pocket for Mac brings everything you love about our iOS and Android apps—offline access, distraction-free reading, streaming video, and more—into a beautiful app that's optimized for Mac.

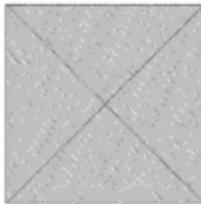

[Download it free from the Mac App Store](#)

If you have any questions, please feel free to contact us at [Pocket Support](#).

- Team Pocket

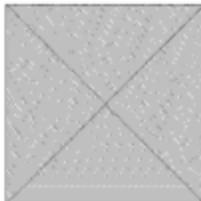

## App Spotlight

Wherever you want to find great content, Pocket is there. Here are a few new apps that let you quickly and easily save to Pocket:

### Digg

Digg is back—with Pocket support! See the best of what's on the web in their clean new iOS app.

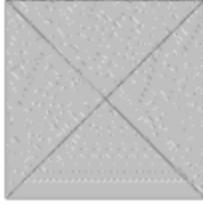

### Tweetbot

This popular iOS Twitter client, is now on the Mac. They've also released [Netbot](#), a new iOS client for App.net users.

### Readingly

Readingly is a new social-reading site for sharing your favorite articles, and saving to Pocket with one click.

**See the whole list of apps you can use with Pocket.**

**POCKET IS AVAILABLE FOR:**
