Subject: B727 sale update

I received this from Kevin White at Avpro: I told him aircraft is located in Stansted, the Toy Store's hanger.

Hi Larry,

I have another prospective buyer that is threatening making an offer and would like to know when he can see the B727. When are you coming back from your trip to Africa and will you be coming back to the US after the trip or will you leave it in London?

Thanks,

Kevin White
