Attached are photo's showing the proposed height for the sconces on the columns outside the great room

Can you please confirm that height is correct (6' 10"0) concerned that it looks odd compared to the existing sconces on the exterior walls of the great room which are at 6'.0 please note all exterior sconces on the 3 bedrooms, kitchen are set at approx the same height (6'.0)

Also do you wish to have sconces on the columns on the St John terrace side ?
