Good Afternoon Mr. Epstein

Brice asked me to forward you an email with the latest details regarding the Commander and the transportation of Palms and Plants from Puerto Rico to LSJ.

I just spoke with Ms.Jackson Manager of Operations for Boyson Inc. She told me that, they have been working with the vessel agent I connected them with in Ponce, and they are confident they CAN make the run to Ponce for the Palms.

The only issue is When? Because of the fact that the Commander is being repaired now and is out of operation until it is fully repaired.

Ms. Jackson assured me that she and her staff are dilligently working to restore the commander to working condition and also collaborate dates so the Commander can tie and offload to the General to deliver the palms to LSJ.

She asked me to give her until this Friday, August 27th to get back to me with ALL the details, dates and final costs.

Thank You,

Igala
