just flew around norman for about a half hour.. much trickier than i thought ,,yesterday we looked at a plan without topo or salt ponds etc. To summarize , I would prefer to have a licence to buy and own land. but if not feasible, (prince Andrew said he would call if were a problem) I would own the structure and no land. I need a dock, asap, and a flat area for the heli. / tricky, I would own my own desal and generator . I would pick up a piece of the island manager cost.
