the photos today are interesting but mostly a waste ,, they do not follow the punch list.. im not sure why, ,, the trees at the compass were not to be removed until i got there,, the dock is not to be worked on or replaced until the very last week, I made this clear a number of times, , the top of the hill is still a mess. and the interior of five palms is still behind, . please follow the punch list. five palms is the priority, gates for the other entrance to engineering. . where did the trees that were taken from the compass go. ?
