Thank you for your answer.

I think its good idea to take, and i like it very much and can start working asap.

Today the owner of the channel told me from september i have the same post [REDACTED]

[REDACTED] I want to discuss all details with her on the phone.

Regarding this space, the documents need to sign for 3years, after i can always find someone to rent, its not a problem ! the agency said i need to have 30.000€ on my account to be able to sign this office(as i told you last time)+ will need 2 computers + furniture (this office empty, they will take everything away) and office expenses, scouts can find already who has salary at the agencies, but still need to pay them something.

Cameraman i can find almost for free, secretary good one wants 1600€/month

I am sure what i am doing, I am sure you ll be happy, sure that i can finally develop my career and have the place to do it., but these much expenses i cant "carry on" but ready to work for this.. and hard !!

Lets discuss concrete: how much you can invest? How much i need to deliver? How much i need to give you back? How long ? (3 months its too short, its summer time)

kisses

very much appreciating what you do for me !!!

Best regards,

I think you should take the office ,, leave it exactly as is, tell them you want it, immediatly or as soon as possible for the next three months. to rent. after those three months you will decide on lease.. you can start asap. put up a sign,, organize , and lets see how it works for three months without having the risk that you get stuck with the difficult space
