Hi [redacted]

I do not know who is hosting/hosted that site and neither does Jeffrey. I think we should set up a new website and I can get you a business email shortly once I check with Jeffrey.

With warm regards,

Cecile

Dear Cecile,

I hope you are well. I just left you a message. I was wondering if you had any luck finding out who hosts the [www.jeffreyepstein.org](http://www.jeffreyepstein.org) website? I need a business email to set up foundation profiles on LinkedIn, etc. I cannot use a gmail or yahoo account.

I would also like to link the website to all of the public profile sites I've done, like Google + because it will help pull the latter up in the search engines.

Thank you! all my best,
