Attached are pictures of = Jeffrey's Palm Beach pool cabana

=0A=

=0A=

We want to copy the = gutter,hurricane shutter and awnning program.

=0A=

We also need a overhang = soffit for the shutter and awnning to hang under

=0A=

The Palm beach overhang = looks a little bigger than we need and he would like to see

= images with blue barrel tile and white paint,which complements the coral = stone

deck and bule waterline tile.Once we see the deck and shelter = layout we can see

where some blue tile inlays might = fit in the deck as well

Thanks
