Subject: Heli update

Jeffrey,

The paint work is completed, see attached photos,.Heli is in Fort Lauderdale at this time, the Toy store is finishing the Aft divan leather wrinkle, Bose headrest pad, will be completed today.

-Aft facing divan head rest on R/H side has been removed.

-The two passenger window black trim repair will be completed today and will arrive Tomorrow, Saturday.

-The arm rest will not be addressed by Toy Store till Sept 10th + due to work load on BBJ completion that has to be done Sept 7th,. Their idea is to install a steel or large aluminum plate to mounting bracket base to prevent the arm rest from swaying/wobble and also lower the arm rest approx 1 1/2 inches to make better contact with seat cushion and closer to wood ledge height.

Since Toy store is unable to address arm rest for a while, I would like to get Plane Perfect's opinion on the arm rest and see if they have better solution on Monday, they are located in West Palm beach, and have done good work in the past with S76 interior repairs etc.,

(Weather between West Palm Bch and St Thomas is perfect) fyi

Larry
