Привет дорогой!!!

Доброе утро! (Good Morning!)

I was so tired yesterday that did not understand why I can not pass on the subway, forgetting to use metrocard. And almost fell asleep in the train. Therefore I tell you all now.

Sorry I could not talk - it's amazing how accurate you manage to make calls at a time when I was on the appointments. Very funny =) But I was glad to hear from you, though, and could not speak.

Yesterday I had five appointments. I saw the apartment and 4 rooms down town. Same story. Good location, but often appalling conditions. But I liked the one room. It's located on Union Square. 14 street and 3 avenue. This 2 bedroom, from a fashion photographer. цена 11,030. The room is quite spacious. In the room there is nothing but a bed and closet in the wall. But the large living room with sofa bed. It will be available from 1 June. The photographer is very interesting, quiet and adequate.

Now I think between this room and a one badroom apartment of which I have already told you. As for the apartment, which is located on 38 street and Lexington, the owner - a good friend of the broker, so that it does not require from me my credit history, garantour and bank statement. And I will have leas, if I rent this apartment. He will move into his new apartment on the upper east side and all the furniture he leaves in the old apartment. Said that I can do with it what I want, I can even throw it away or give it to someone. He said as well that I can find roommates and myself if I want to set prices. The apartment is quite spacious with high ceilings, not very comfortable (but we are creating comfort in your home yourself, right?). This apartment is 2000. One bedroom, but it was done as 2 different rooms. This apartment will be available only from mid-June or after 2 weeks.

So I think, to be the hostess and myself make rules and conditions or to rent a room?

Kiss-kiss! And have a nice day!

A.

p.s. Enjoy the sun, in New York is still cloudy.
